Our Company

Scentsational Concepts began in 2000 as a manufacturer of *Triple-Scented* container candles. Since our inception, we have included 2 additional products to our line: Hand & Body Soap and 100% Concentrated Fragrance Oils. All of our products are shipped direct to you from our factory in Fort Worth Texas.

Our Products

Candles

Each Scentsational Concepts candle is hand-crafted and made in the USA. We are pleased to provide a variety of container sizes and fragrances for you to choose from. Our candles are manufactured from specially blended IGI paraffin waxes designed for use in containers. All containers are made of heat-resistant glass. All candles utilize only lead-free, zinc core wicks. Our fragrance oils are all 100% concentrated, hand selected for their strength and specifically formulated for use in candles, potpourri, soap and lotions. All fragrances are available in each container size. And every ScentSational Concepts candle displays a full color, descriptive artwork label. All candle prices are determined by the container you choose, regardless of fragrance.

Soap

Our extra gentle Aloe Vera and super moisturizing Oatmeal soaps are also hand-crafted. The Aloe Vera soap is lightly fragranced and colored to compliment our candles. The Oatmeal soap is likewise lightly fragranced but retains its natural ecru color, no dye is added.

Fragrance Oils

These are the very same oils we use to fragrance our candles and soap. There are a variety of ways to enjoy this product – in dry and simmering potpourri, in light bulb rings, to revitalize car air fresheners, and literally hundreds of other ways! Because they are 100% Concentrated, extra care must be taken when using them.

Certified Safe

Like our customers, we are also concerned with the safety of our products and are delighted to display the We Checked logo of Candle-Safety.Org.

We are very proud of our products and hope you will experience for yourself the difference hand-crafting makes in the quality of our candles and soap. Your satisfaction is our #1 priority and all of our products are unconditionally guaranteed. If you have a special request, give us a call or send us an email!
